

This is a multi-page technical manual for a washing machine, organized into a grid of 12 columns and 6 rows. Each cell in the grid contains instructions in a specific language, accompanied by diagrams and tables. The languages included are: 1. Czech (ČESKY), 2. Danish (DANSK), 3. Chinese (中文), 4. Turkish (TÜRKÇE), 5. Russian (РУССКИЙ), 6. Dutch (NEDERLANDS), 7. Polish (POLSKI), and 8. Arabic (العربية). The main sections of the manual are: - Installation and safety instructions. - Unpacking and parts identification. - Mounting the machine to a wall. - Connecting water supply and drainage hoses. - Electrical safety and connection. - Usage and maintenance instructions. Each section is numbered from 1 to 8. The manual also features several tables: a parts list table, a warning table, and a warranty information table. The product model is identified as 'MODEL XX-XX S/N XXXXXXXX'. The diagrams show the step-by-step process of installation, from wall preparation to final connection and testing.
